Why do you want to work on a farm?

What would have you feel like you had a successful experience?

What do you consider to be some of your strengths, both personal and professional?

What experiences in you life have been the most challenging for you and which have changed your life?

Do you have any issues (emotional, physical, medical, etc..) which would make either working with others or doing physical labor challenging?

Please list previous farm experience or attach a resume....

Please describe yourself in terms of temperament and personality....

Please list several features that would ensure your success in an employment situation...

Do you consider yourself physically fit and able to do strenuous activities?

Do you have any prior commitments for this summer season that accommodations will need to be made?

Please note any other information that you think should be known in considering you as an applicant for this position.
